

ALJAWHARA ALMOIKEL

AI Engineer

Riyadh, Saudi Arabia · Email · LinkedIn · GitHub · Portfolio

SUMMARY

BSc Artificial Intelligence candidate with hands-on experience building applied AI systems across machine learning, LLM integration, full-stack development, and XR. Strongest work includes deployed products, model-driven recommendation systems, and competition-recognized prototypes.

EDUCATION

Bachelor of Science in Artificial Intelligence <i>Princess Nourah Bint Abdulrahman University</i>	2023 – Expected 2027 Riyadh, Saudi Arabia
XR Development Bootcamp — AR, VR & MR <i>Tuwaiq Academy</i>	Jul – Aug 2025 Riyadh, Saudi Arabia

SELECTED PROJECTS

Taazur — Complementary Team Formation <i>University project · deployed, with auth, teams, join requests, notifications and chat</i> - Built a teammate recommender ranking candidates on mutual skill coverage rather than similarity. - Engineered six pairwise features and trained a GradientBoostingRegressor to rank candidate pairs. - Combined model-based ranking with an interpretable need-coverage score to keep recommendations understandable to users. <i>Python · Flask · scikit-learn · React · Firebase Auth · Firestore</i> Live Demo · GitHub	Apr 2026
UMBRA — Shade-Aware Walking Routes <i>AI Champions, Tuwaiq Academy + Google for Developers · 2nd Place — Tourism AI Track</i> - Compared walking routes on shade coverage against sun position computed from date, time and location. - Used Gemini to explain the computed route metrics, keeping route selection deterministic. - Led the team to a working prototype in three days. <i>React · TypeScript · Leaflet · Gemini API · Three.js</i> Live Demo	Aug 2026
VRLingo — Immersive Language Learning <i>Tuwaiq XR Development Bootcamp · Published on SideQuest</i> - Built a VR language-learning experience in Unity across two destination environments. - Integrated Convai-powered conversational NPCs for contextual speaking practice. <i>Unity · C# · XR Interaction Toolkit · Convai</i> SideQuest	Jul – Aug 2025

TECHNICAL SKILLS

Languages	Python · TypeScript · C# · SQL
AI / ML	scikit-learn · Feature Engineering · Model Evaluation · NLP LLM Integration · Prompt Engineering
Web & Backend	React · Flask · REST APIs · Firebase · Firestore · Tailwind CSS
XR & Interactive	Unity · XR Interaction Toolkit · Three.js
Data & Tools	pandas · NumPy · Git/GitHub

CERTIFICATIONS

AWS Academy Graduate — Machine Learning for Natural Language Processing <i>AWS Academy</i>	Apr 2026
IBM AI Developer Professional Certificate <i>IBM (Coursera)</i>	Mar 2026
Prompt Engineering and Responsible AI <i>SDAIA Academy</i>	Feb 2026
